

Shap Jubilee Compendium

April, 2019

Dear Shap Colleague,

This memory stick contains a range of documents and records to which we felt you might like to have access. It should work on any computer and will give you access to a wide range of Shap documents. We have tried to format as many of these as possible as PDF documents and you will have access to these from the files on the stick.

You can also access the documents by double clicking or dragging the file [*index.html*](#) to your web browser. This will give you access not only to all the documents but also to a copy of the Shap website where you can access all the copies of the Shap Journal, the Shap Audio guide and other materials.

We thank you for your commitment and contributions to Shap over the years.

Best
